Dear brother,

Assalaam Alaikum wa Rahmatullah wa Barakatuhu.

Thank you for your letter of 12 December. I am sorry to learn that you are still in poor health. We pray to Allah for your early recovery.

I met with Lord Ennals in Islamabad and can say that there is greater interest in this tragedy and that the possibility of a solution seems more promising. We will continue to work for a just outcome and you may rely on us to do our best and whatever we can to achieve this.

We were pleased that a number of the Islamic Foreign Ministers visited the camp recently. This can only have helped to bring home to them the tragic situation, and the need for an early solution.

With best wishes, and our prayers for your early return to full health,

Yours sincerely,

Salem Azzam
Secretary General
